
The Girl who Walked the Waves

Story: Ha Nau Art: Go Ara Help: Jamongja

Episode 6: Take Off

*Take off
Maneuvering oneself to stand on the board after catching a wave.

Shi. Lift

Shi. Look

Shi. Move

Then lift your right leg and stand up

As you're doing this, spread your arms out, turn your shoulders, and face forward

Shall we practice?

Yes!

Sfx. Get up

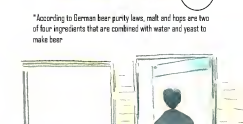
Look straight and put more weight on your left leg

Sfx. Move

Again!

Sfx. Pant pant

*According to German beer purity laws, malt and hops are two of four ingredients that are combined with water and yeast to make beer

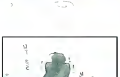


Keep your eyes focused.

Sfx: Get up

Sfx: Move

Now take off!



Sfx: Shake shake

Sfx: Stumble

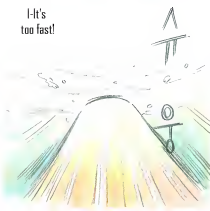
Sfx: Splash

Sfx: Come up

Are you okay?

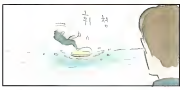
Sfx: Cough cough

Good, then do it again!



Sfx: Aaaa!!

Sfx: Move



Sfx: Stumble

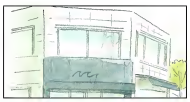
Sfx: Woosh

Sfx: Float float

Sfx: Put head down

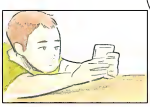
Sfx: Sigh

Wouldn't it be better if you gave up?



Maybe we bought too many boards this month... Meeting this month's rent was also difficult...

It was nicer when I didn't have to worry about anything and spent my days riding the waves



Maybe I'll work until the end of the year and then close down the shop...

Welcome!

Sfx: Ring

Sfx: Hmph

We're back.

Coz, how many waves did you ride today?

I don't know, is it important?

How is it not important?!

Jeong Won! Weren't you the one who taught me that happiness is simply floating on the sea?

Sfx: Clare

What? I can't ask how many you rode?

Shr. Give

While you were enjoying the waves all day I had to take care of the shop! So you know how boring that can be?!

You didn't ride any waves, right?

Shr. Drink

Then how many boards did you sell?

I didn't sell any!! Is that okay?!

Shr. Angry angry

I'm going to surf this Sunday afternoon. You can take care of the shop that day.

Are the tides rising that day?

Hmm. It looks all right.

The offshore will happen and the wave period will be 5 seconds long! Isn't that good?

*Offshore: When the wind blows against the wave.
*Wave Period: The interval of the waves

With waves like that, we should close down the shop and surf together!

Did you open the shop to earn lots of money? Or did you open it to surf?

That's true, people will probably be seeking the good waves. We would never put on a show like this just to sleep!

...Should we gather the crew on Sunday?

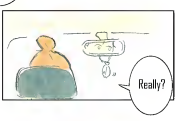
Sounds good!

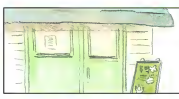
Woo Joo, look! There's the sea!

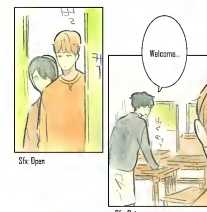
Wow!

Do you like coming to the sea with me?

Yeah, it's the best!







*Wave chart: Similar to a weather forecast, a wave chart predicts the waves. It contains information on the wind direction, wind speed, wave direction, wave height, and wave intervals.
